## Report Environmental Violations

[ [En Español](#) ]

OMB #2020-0032

Use this page to report what appears to you as a possible violation of environmental laws and regulations. Information you submit will be forwarded to EPA environmental enforcement personnel or to the appropriate regulatory authority. [More information.](#)

### What Not to Report:

Many environmental programs have been delegated to other federal, tribal, state or local agencies and they have primary responsibility for them. Often, it is most appropriate to contact your local (city or county) or state environmental or health agency rather than EPA. [Examples of different situations and who to call.](#)

---

### Emergencies

If you are seeing an environmental event that may lead to **immediate threat** to human health or the environment, you should report it through the [Report Spills and Environmental Violations](#) page. Learn the difference [between a possible violation and an emergency.](#)
