ATTACHMENT A

I, Brian D. Dyson, am a Special Agent with the Department of Health and Human Services, Office of the Inspector General. I have personally participated in this investigation and am aware of the facts contained herein, based upon my own investigation, as well as information provided to me by other law enforcement officers. Because this Attachment A is submitted for the limited purpose of establishing probable cause, I have not included herein the details of every aspect of the investigation.

1. At all times relevant to this Complaint:

a. Defendant SMITH & NEPHEW, INC., a wholly owned subsidiary of Smith & Nephew plc, (“Smith & Nephew”) with its principal place of business in Memphis, Tennessee, was a leading national manufacturer and distributor of orthopaedic implant devices and supplies, including hip and knee reconstruction and replacement products.

b. The Department of Health and Human Services (“HHS”), was an agency of the United States and acted through the Administrator of the Centers for Medicare and Medicaid Services to administer and supervise the Medicare program (“Medicare”).

c. Medicare was a federal health care insurance program established to provide benefits to aged, blind, and disabled individuals who qualify for coverage. According to HHS statistics, during the years through and including 2002 to 2006, more than 700,000 hip and knee replacement surgeries have been performed in the United States annually. Approximately two-thirds of those surgeries have been performed on patients who were covered by Medicare.

d. The Medicare Fraud Statute, 42 U.S.C. § 1320a-7b, contains an anti-kickback provision, which prohibited companies from paying, and doctors from receiving, anything of value to influence the referral of federal health care program business.

Object of the Conspiracy

2. Defendant Smith & Nephew used consulting agreements with orthopedic surgeons, and payments made thereunder, in part as inducements for such surgeons’ use of Smith & Nephew’s artificial hip and knee reconstruction and replacement products.

Overt Act

3. In furtherance of the conspiracy and to effect the unlawful object thereof, defendant Smith & Nephew and its co-conspirators committed, and caused to be committed, the following overt acts in the District of New Jersey and elsewhere: From in or about January 2002 to in or about December 2006, defendant Smith & Nephew entered into consulting agreements with certain orthopedic surgeons designed, in part, to induce the surgeons to use, and cause the purchase of, Smith & Nephew’s hip and knee reconstruction and replacement products.
